## **DETAILED ACTION**

### ***Election/Restrictions***

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-5, 8-10, and 15-16, drawn to a method of making mouldings from cellulose pulp.

Group II, claim(s) 6-7 and 11-14, drawn to a mixing and extruding apparatus.

The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Group I has the special technical feature that the cellulose pulp is mixed with water containing aminoxide, the extruded solution is washed in a bath containing an aqueous aminoxide solution while Group II has the special technical feature that the apparatus has a line connected between the washing bath and at least one of the metering devices as well as a regulation circuit for the regulation of the composition of the solution in the mixing apparatus, the dissolving device and/or the precipitation bath.

A telephone call was made to Marianne Fuierer on August 25, 2004 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
